Skills

Programming Languages :
Javascript,Html,css,python Web Frameworks : MERN
stack, Bootstrap framework, Tailwind css
Understanding of SDLC

Education

Master Of Computer Application (M.C.A)	09/2022 – 05/2024
Bachelor Of Computer Application (B.C.A)	08/2017 – 12/2020

Projects

MY Portfolio   05/2024 – 06/2024
My portfolio is a web-based platform where I have showcased my all skills that I've
learned and projects that I've made during this process.
Tech stack:- Html, React.Js, Node.Js, Express.Js, MongoDB, TailwindCSS
Source-Code:- https://github.com/iamprakhar27/MyPortfolio

Life Line Portal   02/2024 – 05/2024
Life Line portal is a web-based platform that connects blood donors with receivers
and medical facilities in need of blood and donations. This portal also brings
together donors, and receivers to ensure that there is a seamless and efficient
system in place to provide blood to those in need.
Tech stack:- Html, CSS, Javascript, MERN stack, Bootstrap framework.
Source-code:- https://github.com/iamprakhar27/Life-Line-portal
